

Company Overview

Green Royal Trading Company has entered the global market to produce and supply the highest quality dates in a large variety to meet different customer tastes and needs. Our experienced personnel use the latest technologies in the production and observe the highest standards of hygiene

This company owns hundreds of hectares of palm trees and is ready to serve the world with the most delicious dates on the planet. Green Royal Trading Company is one of the largest producers and exporters of dates with several years of successful history in exporting various dates to different countries of the world. This company strives to gain customer trust and satisfaction using the most modern techniques in production as well as highly advanced storage systems

Business description

Among all the areas where dates are produced in the Middle East, the Persian Gulf is most suitable for the cultivation of this valuable product; therefore, this area of land owns a large share of the global market. Dates are exported from the Middle East to approximately 70 countries around the world, including Germany, Britain, Switzerland, Denmark, Spain, Russia, Canada, China, Pakistan, Iraq, Turkey

Countries around the Persian Gulf are regular customers of dates; during the holy month of Ramadan, the consumption of dates in Islamic countries is very high and the exports of dates in the Middle East reaches its peak

Vision and Values

Green Royal Trading Company will always be a dynamic, innovative, and knowledge-based company that will receive ISO 9001, ISO 22000, HACCP, GMP (Good Manufacturing Methods), and will export the highest quality date products to all parts of the world and in the long run, to the largest and most reputable producers and exporters of dates in the Middle East

Mission and Targets

Green Royal Trading Company is obliged to follow the principles of international trade and adhere to the trade regulations of each country to maintain customer satisfaction

Thus, the goals and missions of this company are stated as follows

Using the best and highest quality dates

Using modern equipment

Eliminating intermediaries

Competing with the international markets

Fulfilling all obligations
